MISSION

New Hope Academy is a Christ centered school educating students of diverse socio-economic and racial backgrounds by establishing a Biblical worldview and preparing each child to flourish academically, socially, emotionally, and spiritually.

CORE VALUES

Our five core values are:

Christ-centered

Formative Learning

Personhood
of Every Child

Equitable Access

Connected
Community

At New Hope Academy, our primary focus is on helping students discover the distinctions that make each a valued contributor to the world around them – today and tomorrow. In support of that and in partnership with parents, we guide students' pursuit of educational excellence, enrich their Christian worldview, and embolden each student to model Christ-like leadership roles in school, and in their homes, churches, and communities throughout life.

From our founding to the present, we have been blessed by our relationships with New Hope Academy alumni, families, and friends in raising critical funds to serve current and future students. This collective generosity is what allows us to continue our work to provide a place where students can flourish in the Kingdom of God. These funds will enhance our ability to achieve our objectives as we **Grow Forward** with our strategic plan to include: the expansion of our campus, enhancing academics, and deepening our connections to the community.

Your continued support of New Hope Academy is impactful, appreciated, and in support of our mission and core values.

A Letter from Our Head of School

Greetings Families and Friends,

It is with great enthusiasm that I step into the role of Head of School of New Hope Academy! As you know, we are a vibrant, kingdom school that fervently believes that an excellent education is academically rigorous, intentionally diverse, Christ-centered, and delivered through a truly connected community. We are not only excited about the year ahead of us, as we know it will be rewarding and prosperous, but we are excited about our future and all that the Lord is doing as His face shines on us!

New Hope is built on the oldest hope of all, the hope of one generation for the next generation. We not only teach, lead, and empower our families through faith, education, and stewardship, but we also aspire to seek, serve, know, and love one another as God has instructed and intended.

New Hope is home to the most dedicated faculty, parents, and students you will ever meet! We are proud of the work we are doing with our young scholars. As young people attempt to make sense of the world around them, we will help them master the demands of a challenging curriculum. Simultaneously, we create a nurturing learning environment where inquiry, wonder, innovation, problem-solving, and camaraderie are encouraged and supported.

Each child experiences an unlimited opportunity for academic growth, as well as spiritual, social, emotional, and personal growth. It is our shared responsibility as faculty, staff, and parents to help each child take hold of the opportunity of being a New Hope student and to make the most of it.

As we diligently work to prepare every student with the foundation of knowledge, skills, and character, we ask for your continued support in your prayers, time, resources, and financial assistance. No school is a great school without strong parental and community support. We are grateful for the loving, supportive community that we have.

We are intricately embroidered together with our various cultures, gifts, and talents. As I settle into my role as Head of School, I am excited to build upon a legacy of academic excellence, spiritual growth, diversity, equity, and inclusion. I eagerly embrace the opportunity to be an instrument of hope, faith, love, joy, and knowledge to lead New Hope in a way that is pleasing to the Lord and that will bring glory to Him. I look forward to the great things God will continue to do through and for our New Hope community.

Friends, New Hope Academy will remain true to our five core values of a Christ-centered education, formative learning, equitable access, the personhood of each child, and a connected community. We will continue to seek the mind of God and His wisdom to help us recognize, develop, and maximize the capacity of our community to fan the flames of righteousness for humanity's sake.

May the teachings of Christ live richly in you. I pray that the Lord will allow us to use our wisdom and discernment to shepherd His people in a manner that brings joy to the Holy Spirit.

In His Love,
Dr. Tonja Williams
Head of School

Our NHA Story

The Harold Family

“It was important for us that our boys attend a school where more students looked like them and that there were more families that looked like our family.” — *Elaine Harold*

Elaine Harold is in her first-year teaching at New Hope, but she and her family are not new to the New Hope family. Their sons, Garrison and Langston, are both NHA alums, and her husband Larry taught at New Hope as well.

New Hope Academy’s student population is made up of 45% minority students. The local public school district only has 20% minority student population, and the combined average of several local independent schools is 10% minority student population. New Hope Academy met this need for the Harold family to find a community and a school that looked like their family. “New Hope blessed our family by coming around us and supporting us,” Elaine shared. The Harold’s didn’t just find the diverse community while their boys were students at New Hope, but they gained a forever community that they consider family.

Their boys loved the community they found at New Hope, and they thrived academically. During their time at New Hope, Garrison loved studying about ancient Egypt which is a part of the second grade humanities study. The study of ancient Egypt is filled with tons of hands-on activities including creating burial masks, mummifying chicken breasts, and acting out an Egyptian funeral. Students compare what they learned about Ancient Egypt to Christianity and how our faith and our God differs from the religion and customs of Ancient Egypt. Langston enjoyed the construction and study of the Trojan horse that was a part of the humanities study in third grade. The study of the Trojan horse is a part of the study of Ancient Greece and the Trojan War. Both

“New Hope blessed our family by coming around us and supporting us,”
shared Elaine

boys gained a love for engineering and robotics from learning coding as members of the coding club at NHA led by John Bryant (current Academic Director at NHA). Garrison and Langston attended Franklin Road Academy after graduating from New Hope Academy. They both went on to be on the Robotics team at Franklin Road Academy and both have been members of FRA teams that qualified for VEX Robotics World Championship. Garrison is currently a sophomore at Union University majoring in engineering. Langston is a senior at Franklin Road Academy and is a 2023 Semi-Finalist for the National Merit Scholarship Program and plans to major in engineering in college as well.

New Hope Academy's student population is made up of 45% minority students. The local public school district only has 20% minority student population, and the combined average of several local independent schools is 10% minority student population.

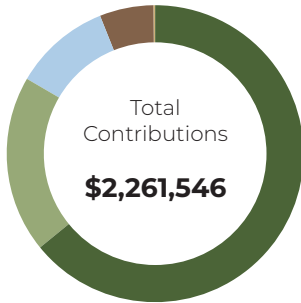

Elaine has always wanted to come back and teach at New Hope. She has been involved as a parent, volunteer, and alumni parent, but it was a full circle moment for Elaine to join the staff of NHA this fall as a first grade teacher. She loves being in the classroom teaching first grade subjects, but even more than that, she enjoys sharing with the students about how God loves them. New Hope is a place that welcomed, supported, and loved her family, and returning to this place is the full expression of what it means to be a part of the larger New Hope family.

A Letter from the Chairman of the Board

New Hope Family,

It is obvious to me that God continues to bless New Hope Academy and His presence remains strong in our school. As we continue to act on our strategic plan, it is very clear that we are growing smarter, stronger, and together. Dr. Williams has joined the New Hope family, and construction on our new Dining Hall is moving along. The lingering impact of COVID is hopefully behind us and our ability to connect in person has been restored. The recent New Hope family picnic reminded me how much we need to be in relationship with one another.

I am thankful for each of you and your contributions to New Hope. I look forward to seeing what God has in store for New Hope in the coming months and years.

Kind regards,

Ronnie Williams
